ABSTRACT

The aim of this publication is to present to our guests and the general public attending the 37th Congregation, statistical information about the Kwame Nkrumah University of Science and Technology (KNUST). The information covers students numbers and the staff strength of the University.

For 2003/4 academic year, out of the 12,732 qualified applicants (undergraduate, 11,975 and postgraduate, 757) the University could only admit 5,526 representing 43% of the qualified applicants (undergraduate 4,896 and postgraduate 630). On the whole this year's admission was an increment of 12% over last year's intake.

A study of the background of undergraduate students admitted this academic year revealed that 55% were from the top 25 Senior Secondary Schools in the country. This revelation contributed to the introduction of KNUST's policy on admission for candidates from less endowed schools

Presently the student population of KNUST including Western University College (WUC) is 15,341. The population of WUC is 874 made up of 822 (94%) males and 52 (6%) females. Kumasi campus has 14,467 students of which 10,499 (72.6%) are males and 3,968 (27.4%) are females. The foreign student population of Kumasi campus is 398 representing 2.75% of the student population compared to last year which was 278 representing 2.1% of the population at that time.

The 14 halls and hostels (of which three are privately owned) could accommodate only 46.8% (6,777) of the students population.

The University has produced 35,101 graduates since 1962. This year about 2,543 graduands are coming out; 593 (23.3%) are females of which 21 were able to obtain First Class Division.

The academic staff of the University is about 600 and is being supported by non-teaching staff of 2,701.

Comments, suggestions and corrections for the improvement of the publication are most welcome. Such comments/suggestions/corrections should be addressed to the Planning Unit, Vice-Chancellor's Office, Kwame Nkrumah University of Science and Technology, Kumasi.
